

To Whom It May Concern

I wish to confirm that Anamika Verma joined as a Business Analyst at Roots Analysis in September 2020. Her last day in the office was 6 September 2022. During her tenure, she was responsible for working in the Editorial Team (ET) to review the business research project team's work focused on pharmaceutical, healthcare and biotechnology domain.

At the time of her relieving, her designation was **Project Manager L1**.

Given below is a summarized view of the individual's performance during her stay in the organization.

- Work Performance: Satisfactory
- Contribution to non-Project Activities: None
- Professional Conduct: Satisfactory
- Discipline: Satisfactory
- Any Open Items: Internal due diligence of the information shared during the exit process.

I wish her all the best for her future endeavours.

Regards,

Sandina Arora
Assistant HR Manager
Roots Analysis Private Limited
